

# GENERAL NOTES:

Details indicated on this plan are intended to illustrate the general requirements for structural rumble strips on 4.2-meter wide PCC pavements. Structural rumble strips shall not be placed in areas where there are 3.6-meter pavement widths. Placement of structural rumble strips shall be incidental to "Standard or Slip Form Portland Cement Concrete Pavement."

Use rumble strip and spacings shown in Typical Plans for P.C.C. Shoulders.

All dimensions given in millimeters unless noted.
